Coated Calcium Butyrate

Enhancing Intestinal Integrity for Optimal Performance

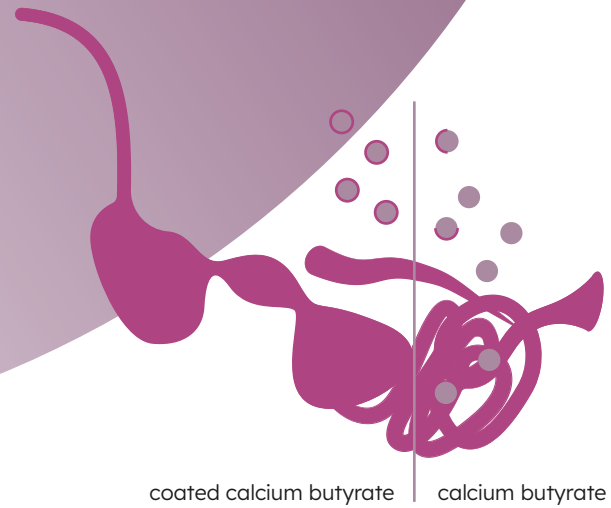

What is
BUTYCAL?

BUTYCAL is a premium, fat coated calcium butyrate supplement for livestock, featuring 94% calcium butyrate to support gut health, improve digestion, and enhance overall performance. Calcium Butyrate is the calcium salt of butyric acid and butyric acid is a short-chain fatty acid that plays a crucial role in maintaining gut health and integrity. By protecting the butyrate in an encapsulated form, BUTYCAL ensures targeted delivery within the gastrointestinal tract, maximizing its benefits.

**Quality You Can
Trust, Prices You
Can Afford!**

Benefits of **BUTYCAL**

Improved Intestinal Integrity

Supports the health of gut cells, reducing permeability and promoting a robust intestinal barrier.

Enhanced Nutrient Absorption

Helps optimize the absorption of nutrients, leading to better overall health and performance.

Supports Immune Function

Contributes to a balanced gut microbiota, enhancing the immune response and overall wellness in animals.

Promotes Growth Performance

Aids in improving feed efficiency and livestock growth metrics.

Applications

Livestock

Suitable for ruminants, monogastrics, and all types of production animals, including poultry and swine.

Feed Formulations

Can be included in both complete feeds and specialized feed additives for targeted gut health support.

Transition Periods

Ideal for use during periods of stress (weaning, transport) to support gut stability.

How to Use **BUTYCAL**

Incorporate in Diet

Follow recommended dosages based on specific animal types and production goals.

Broiler (Day 1-14): 0.5 kg/ton feed

Broiler (Day 15-slaughter): 0.25 kg/ton feed

Layers: 0.25 - 0.5 kg/ton feed

Calves: 0.5-1 kg/ton feed

Consult a Nutritionist

For optimal results, work with an animal nutritionist or veterinarian to ensure correct incorporation into your feeding program.

Composition	Calcium salt of Butyric acid (13.033)
Analysis	Crude Protein: 0%, Crude Fibre: 0%
Crude Fat	5% Ash: 31.3%, Methionine: 0,0%, Lysin: 0,0%
Dosage	0.25-3.0 kg/ton animal feed.
Production Date	
Expiry Date	24 months after production
Batch Number	

NET WEIGHT: 25 KG

Hazard Statements:

H315; Causes skin irritation. H319; Causes serious eye irritation.

Precautionary Statements:

P261; Avoid breathing dust/fume/gas/mist/vapours/spray. P280; Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338; IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing. P312; Call a POISON CENTER or doctor/physician if you feel unwell.

Exclusively to be used in the preparation of animal feed
