VERSAMOLD

Mold Inhibitor for Animal Feed

Inhibit Mold, Prevent Mycotoxins!

? What is **VERSAMOLD?**

VERSAMOLD is a premium mold inhibitor formulated as a free-form propionic acid specifically designed for animal feed. Its powerful properties effectively inhibit mold contamination, ensuring the nutrient value and quality of your feed are preserved.

**Quality You Can
Trust, Prices You
Can Afford!**

Benefits of **VERSAMOLD**

Prevents Mold Growth

Significantly reduces the risk of mold contamination, protecting feed from spoilage.

Preserves Nutritional Value

Maintains the essential nutrients in feed, contributing to better animal health and performance.

Versatile Application

Suitable for premixes and a wide range of animal feeds, including grains, silages, and complete feed formulations.

Enhances Feed Quality

By preventing spoilage, VERSAMOLD helps ensure that your livestock receive high-quality nutrition.

How **VERSAMOLD** Works

Active Ingredients

VERSAMOLD's free-form propionic acid acts as a natural preservative, effectively targeting mold spores and preventing their growth.

Application Methods

Easily incorporated into feed and premix during manufacturing or used as a top dressing for on-site application.

User-Friendly

Odorless and easy to handle, VERSAMOLD provides a seamless solution for feed producers and livestock farmers.

Application Guidelines

WARNING

Dosage

Depending on moisture level and storage time, it can be added 0.5 -1 kg per ton feed or raw materials.

Storage

Store in a cool, dry place to maintain product efficacy.

Compatibility

VERSAMOLD can be mixed with various feed components without affecting palatability or nutritional quality.

Complementary Feed For All Animals

Composition	Sodium Chloride, Calcium Sulphate
Preservatives (1a)	Propionic Acid (E280), Citric Acid (E330), Sorbic Acid (E200)
Carrier	Precipitated Silica (E551a)
Analytical Results	Crude protein 0%, Crude fibre 0%, Crude fat 0%, Crude ash 42%, lysine 0%, methionine 0%, Sodium 5,2%
Dosage	0.5-2.0 kg/ton feed depending on the level of Moisture (max. 24%) and storage time
Storage Conditions	Cool, dry and out of the sunlight
Production Date	Keep in cool and dry condition, Keep away from direct sunlight
Expiry Date	2 years after production
Lot Number	

Hazard Statements:

H319; Causes serious eye irritation.

Precautional Statements: P280; Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338; IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing. P312; Call a POISON CENTER or doctor/physician if you feel unwell.

NET WEIGHT: 25 KG
